

Graduate School of Economics

MASTER IN ECONOMICS

www.barcelonagse.eu/masters

- Solid command of quantitative economics.
- Expertise in a wide range of specializations in different fields of economics.
- Competence in both theoretical and empirical approaches, from foundation to applications and policy.
- Solid preparation for work in research centers, consultancy firms, corporations or government agencies.
- Competence to command the tools and knowledge necessary to successfully pursue a top PhD in economics.

“ We offer a rigorous program for students who are curious, who aim at getting at the core of economic issues, and who have the will to work very hard. ”

Director: Marta Reynal-Querol (ICREA-UPF and Barcelona GSE)
Deputy-Director: Andrea Caggese (CREI, UPF and Barcelona GSE)
